Arborfield School Review Update

Background

On September 29th, 2022, the Board of Education of the North East School Division passed motions to consider grade discontinuance or closure of Arborfield School. The school was identified for review based on Board Policy.

The School Review Committee Report to the Board of Education

The School Review Committee consists of four members of the school community council, two people appointed by the town of Arborfield and two people appointed by the council of municipalities.

Over the last few months, the Committee shared information and gathered feedback from the community. On January 10th, 2023, the School Review Committee shared the community feedback with the Board of Education. The Board of Education would like to extend appreciation for the work of the committee.

Next Decision

During the January 27th, 2023, Board Meeting (originally scheduled for January 17th), the Board of Education will move to suspend the review or to continue to consider school closure or grade discontinuance. If the Board decides to suspend the review, the school review process will be considered completed.

Additional Family and Student Feedback Request

In addition to the community feedback presented by the Review Committee on January 10th, the Board of Education is seeking additional input related to current and future Arborfield student high school experiences. Families who have students in the Arborfield catchment are asked to complete a short survey. Grade 7-12 students will also be asked to complete a short survey. The survey will close on Monday January 16th at 9:00 PM.
