March 26, 2020

Dear NESD Families,

We hope that everyone is at home safe and sound and looking after each other. Together, we can do our part to practice safety guidelines and self-isolation to help slow the spread of the coronavirus. Self-isolation and social distancing is our shared responsibility to give our health providers an opportunity to deal with the pandemic.

Last week classes in our schools were suspended and schools were closed. This week our system has been on pause to adjust to the new reality. A big question that you may have is, what will learning look like for your child(ren) going forward during school closure.

In the North East School Division you can expect that:

- All school buildings will remain closed.
- All administration, teachers and support staff will be working from home beginning March 30.
- During the week of March 30, school staff will be contacting you to discuss your child(ren)'s learning plan.
- Updated information will be available on the NESD website.

It is important to maintain the relationships we have built with our students, families and communities. We look forward to finding innovative ways to support your child(ren)'s learning journey as they develop the necessary skills for the future.

Sincerely,

Luke Perkins,  
Board Chair  
North East School Division

Don Rempel,  
Director of Education  
North East School Division
