## BACKGROUND

The prequalification request for proposals for the general contractor of the new school in Carrot River was issued in January with a deadline of February 14. There were six general contractors that submitted proposals and all six met the criteria of the prequalification process. The invitation to tender for the pricing was posted on March 22.

The deadlines for the invitation to tender was April 20, 2022 for the base bid and April 21 for the appendices. The appendices would include the alternatives and pricing for work such as the demolition of the Carrot River Jr. Sr. High School.

At the request of a few general contractors, the deadlines were extended to April 27 and 28.

## CURRENT STATUS

On April 28, the proposals with the pricing from the general contractors were opened. The evaluation was completed on the base bid pricing. The lowest bidder was Wright Construction Western Inc.

The bids were all higher than the budget provided by the province. As a result, there is still some work to be completed prior to accepting the Wright Construction Western as the general contractor.

## RECOMMENDATION

### Proposed board motions:

The Board approves the appointment of Wright Construction Western Inc. as the general contractor for the replacement school being built in Carrot River, pending approval by the province.

## BACKGROUND

On October 19, 2021, the following board motion was made:

- Whereas, the Board of Education of the North East School Division identified Gronlid Central School under Board Policy 114: *School Viability* as meeting the criteria for a school review; And whereas, the Board reviewed materials relevant to the closure of Gronlid Central School including the Gronlid Central School Community Council's motion of its consent to close Gronlid Central School following the 2021-2022 school year; Therefore it is moved that the Board of Education hereby exercises its discretion pursuant to s. 54 of *The School Division Administration Regulations* to discontinue the school review process and close Gronlid Central School effective July 4, 2022.

On November 3, 2021, Executive Council and the Manager of Transportation Services attended a meeting with the School Community Council of Gronlid Central School. This meeting included the principal of the school, Cassandra Neufeld. The purpose of the meeting was to discuss the closure of the school and answer any questions from the SCC. The potential new attendance boundaries were discussed with the group. The group was in agreement with the proposed boundaries. To ease the transition to new schools, some families may be grandfathered to attend the school of choice (if the bussing is reasonable).

Please find attached the *North East School Division: 2022-23 Gronlid Boundary Change Report* proposed new attendance boundaries.

On March 22, 2022, the following board motion was made:

- That the Board approves the North East School Division: *2022-23 Gronlid Boundary Change Report*;
- And that the proposed changes as outlined in the Report will be communicated in local area papers and correspondence will be sent to the affected families;
- And that the Board will be accepting written submissions and/or delegations sharing any concerns about the proposed changes at the May 17, 2022 Regular Board Meeting.

## CURRENT STATUS

An ad with information about the proposed changes was placed in The Journal (Melfort & Nipawin) and The Recorder (an online newspaper) during the weeks of April 8 and April 15.

No one has come forward with any written submissions or requests for a delegation to attend the board meeting.

## BACKGROUND

According to *Administrative Procedure 703: Asset Inventory Management*:

- Disposal of lands and buildings is a responsibility of the Board of Education. The Board may direct the Director of Education to lease, sell, transfer, or exchange any of its lands or buildings subject to the provisions of The Education Act, 1995 and the Regulations.

According to legislation:

- approval of the Minister of Education to dispose of the property is required if the proceeds received from the disposal exceeds \$100,000;
- regardless of the expected proceeds, the school division must advertise the disposal in at least two local newspapers;
- the requirement to advertise is waived if the school division sells the property to a municipality.

There is a parcel of land owned by the school division that includes the outdoor rink and tennis courts that are owned and operated by the Town of Tisdale. Administration would like to subdivide this land so that the Town of Tisdale owns the parcel that has the outdoor rink and tennis courts.

## CURRENT STATUS

The Town of Tisdale has agreed to share in the cost of the work that is necessary to subdivide the land. Meridian Surveys has completed the attached proposed plan.

## RECOMMENDATION

### Proposed Board Motion:

That the Board approve the subdivision of Parcel CC, Plan 82PA08245 with the Town of Tisdale taking ownership of the area holding the tennis courts and outdoor rink.

## BACKGROUND

The Education Sector Strategic Plan (ESSP), launched in 2014, was effective in focusing efforts on improved results and encouraging collaborative work across the province.

In spring 2018, the Ministry of Education began to co-construct a new plan that would set the course for 2020-2030. The planning partners included:

- Federation of Sovereign Indigenous Nations (FSIN),
- League of Educational Administrators,
- Directors and Superintendents of Saskatchewan (LEADS),
- Métis Nation-Saskatchewan (MN-S)1/
- Gabriel Dumont Institute (GDI),
- Ministry of Education,
- Office of the Treaty Commissioner (OTC),
- Saskatchewan Association of School Business Officials (SASBO),
- Saskatchewan School Boards Association (SSBA)
- Saskatchewan Teachers' Federation (STF)2.

Partners came together to begin working on the framework in May 2018 with the intent to have the new plan in place after the Education Sector Strategic Plan wrapped up in June 2020.

## CURRENT STATUS

Delays attributed to the COVID 19 pandemic delayed the plan requiring an additional year of the Interim Provincial Education plan to extend to June 2023.

The Provincial Education Plan Implementation Team (PEPIT) has completed and shared an updated interim plan for review and endorsement from the Provincial Education Council. The Council endorsed the plan with a few minor wording changes.

## RECOMMENDATION

**Executive Summary**

In response to the COVID-19 pandemic, and under the guidance of the Provincial Education Council, an interim provincial education plan was developed by the Provincial Education Plan Implementation Team (PEPIT) for the 2021-22 school year. The plan included key actions to meet the needs of all students in the areas of learning, reading, and mental health and well-being. Following the decision to extend the interim plan for an additional year, the key actions have been updated and revised for the 2022-23 school year.

The learning response priority action plan focuses on increasing students reading and math levels through professional development, increasing awareness and sharing of resources and best practices. A communication plan will be developed to increase student engagement and support students returning to school.

The reading priority action plan focuses on communication strategies related to reading and reading support plans for students. Reading strategies will be implemented to help all students and reading support plans will target students who require additional supports. The reading plan also focuses on oral language and comprehension as the foundation for early literacy.

The mental health and well-being priority action plan focuses on communication among school systems and government ministries to share knowledge of available supports, services and programming. Another focus of the plan is the creation and refinement of mental health and well-being plans for each school system to address concerns and share best practices related to mental health and well-being. The plan includes a 'Mental Health and Well-Being Symposium' to be held in May 2022. There is intent to make the symposium an annual event.

The actions presented in the following three sections of the plan are at the provincial level. All PEPIT members will take the actions in the plan and create system-level actions to implement in their individual school systems. A communication strategy will be prepared to assist in sharing the information in this plan with parents/caregivers, Education Council and PEPIT member organizations, and the general public.

**2022-23 Interim Provincial Education Plan DRAFT Actions**  
**Learning Response Priority**

**Actions**

**1. Increase student literacy and numeracy levels.**

**1.1.** Increase awareness regarding the continued use and intent of crucial literacy and numeracy outcomes in grades 1-9 (including messaging for families).

**1.2.** Offer cross-curricular professional learning opportunities for effective literacy and numeracy instruction and assessment in grades 1 to 12.

**1.3.** Promote the PEPIT resource portal currently being used to share resources and effective practices to support school divisions and education partners with literacy and numeracy instruction and cross-curricular planning.

**2. Co-create engagement strategies to welcome and include students, parents/caregivers and school communities into schools.**

**2.1.** Renew a provincial public awareness campaign (in the spring of 2022 and fall of 2022) to re-engage students and families that includes messaging to be used in local contexts and customizable for school systems that is focused on:

- Safety of schools;
- Impact of non-attendance;
- Benefits of in-person learning;
- Encouragement to enroll for fall; and
- Welcome for Kindergarten.

**2.2.** Develop and implement strategies to support students to attend and engage in in-person and online learning.

## 2022-23 Interim Provincial Education Plan DRAFT Actions

### Reading Priority

#### Actions

#### 1. Data Analysis

1.1. Collect and submit grades 1-3 reading data to the Ministry of Education in June 2023.

#### 2. Provincial Communication

2.1. Develop a communication plan that is data-responsive to provide high-level provincial messaging related to the importance of building language and reading skills in our current context, acknowledging the long-term impact of the COVID-19 pandemic on student learning that sets the stage for an extended and collaborative focus on reading.

- Acknowledge professional flexibility at the classroom level to alter academic schedules and teach in a cross-curricular way to emphasize literacy in the primary grades to ensure all students are given the opportunity to be successful.

#### 3. Reading Support Plans for Grades 1-5

3.1. Implement reading support plans, as needed, for individual grades 1-5 students that identify those students by name, strength, and need related to literacy based on the following process:

- review reading proficiency of all grades 1-5 students;
- provide targeted support and intervention for students below grade level; and,
- implement research-based, high yield instructional strategies focused on improving early literacy skills, reading levels, and taking students from where they are and moving them as far along as possible in reading.

3.2. Offer teaching and learning opportunities for grades 1 – 5 teachers and families with a focus on research-based literacy approaches and supports:

- Re-engage with resources to support teachers in developing literacy instruction and assessment skills (SaskReads, Supporting All Learners, etc.).
- Re-engaging with families to support students in literacy development.

#### 4. Oral Language and Early Literacy Strategies for Reading Development

4.1. Support oral language and oral comprehension development as the foundation of reading skills for students:

- Focus integrated oral language and early literacy instructional strategies in Prekindergarten and Kindergarten;
- Implement high impact, research-based instructional strategies that develop oral language skills for students in grades 1-5, mindful of the specific academic experiences of students in programs such as French Immersion and English as an Additional Language during the pandemic.

**2022-23 Interim Provincial Education Plan DRAFT Actions**  
**Mental Health and Well-being Priority**

**Actions**

**1. Increase communication among ministries and school systems about mental health and well-being supports, programming and services.**

- 1.1.** Establish a committee including multiple ministries and school systems to increase communication at various levels and to complete the following:
- create an inventory of supports, programming and services (including culturally appropriate) available regionally and provincially already available to school systems and ministries; and,
  - bring awareness about those supports, programming and service that are readily available through various means (i.e., symposium, meeting presentations, newsletter, etc.).

**2. Each school system will develop/refine a plan to address the added pressures on MHWB as a result of the pandemic.**

- 2.1.** Provide guidance and support to provincial school systems to create/refine their own local action plans for MHWB of staff and students, including, but not limited to:
- share 2021-22 MHWB action plans at the MHWB Symposium to identify essential elements (best practices) so 2022-23 MHWB plans can be refined.
  - create quality indicators (i.e., a self-reflection rubric) for school systems to examine plans and identify gaps for use in the long-term plan;
    - assess OurSCHOOL, SAYCW, etc.;
    - collaborate with community (Indigenous and critical friends); and,
    - identify best practices.

- 2.2.** Post school systems MHWB plans (in the Blackboard MHWB PEPIT site) for sharing.
- Promote the MHWB Blackboard site to raise awareness of the strategies school systems are implementing and networking opportunities available.

- 2.3.** Create a parent/family section on the PEPIT online portal for posting resources to support parents and families.
- MHWB School System Spotlight Newsletter;
  - professional development opportunities;
  - provide classroom/staff/student/parent and caregiver support;
  - list of resources/contacts; and,
  - symposium presentations.

**3. Share effective, promising practices and research at a mental health and well-being symposium, including a focus on:**

- **Indigenous perspectives; and,**
- **in-school administrators.**

- 3.1.** Create a committee to plan a Mental Health and Well-being symposium.
